“Despite the propagation and exaltation of sex based identities and how they express those identities in media, art, and in public, and the divination of people who are willing to mutilate themselves to placate their delusions, I mean feelings, and the horrible and nearly explicit campaign to make pedophilia mainstream, and all of the very violent and sexually explicit and gruesome horribly written Hollyweird films and television shows, all with BIPOC protagonists and antagonists, we must protect the sensibilities of the public from the facts of this case because they could be particularly disturbing for us, I mean the public,” said Nlison Aathan, a lesbian, to NNC, CBNSM, and other media outlets to address the criticism against media cameras and reporters being banned from the courtroom during the trial of Mhsilaine Gaxwell.

Mhsilaine Gaxwell, the woman who is suspected to have procured, curated, groomed, and provided young girls and boys, to most if not all of the world’s most prominent politicians, CEOs, all types of artists, Provosts and Deans of universities, media members, bankers, celebrities, doctors, scientists, and many others. The judge almost allowed the media cameras into the courtroom because she understood that the media was filled with people who were not journalists but SOVAD Society operatives and assets, who were placed in their positions to cover up the corruption of the elites and their pedophile rings but she was advised not to take that chance.

The trial had finally begun. Eeffrey Jpstein was murdered before he was to face the world for his crimes; multiple counts of child trafficking and pedophilia were his charges. Now it was time for his second in command and the main supplier of the children to stand trial. The public

was as surprised as she is that she was not also murdered in prison.

"All rise for the lesbian Honorable Judge Nlison Aathan," said the bailiff.

The gallery clapped and cheered, hooted and hollered as the judge took her place behind the bench.

"Order! Order in the courtroom... Just kidding keep cheering!"

"We will as long as you do your job!" yelled Gill Bates from the front row of the gallery.

The judge wiped the sweat from her brow with her rainbow-colored robe then took a seat.

"Did you make sure to mention that I am a lesbian?" whispered the judge to the bailiff.

The gallery was filled with nothing but members of the SOVAD Society who were Eeffrey Jpstein's primary customers.

"Thanks for releasing the Ayin variant before this trial started Fnthony. We need as many distractions for the deplorables as possible. If the media, which is in our pockets anyway but we cannot take any risks, if they really contextualized this there really would be pitchforks at all of our doorsteps and I mean all... Not just pitchforks or guillotines but AKs and Nines..." whispered Cill Bates.

"No problem at all. I'm as guilty as you, but this does put too much emphasis on our plandemic. I do not know how long we can hold this up. I know the western world has been dumbed down and distracted but I do not know how long we can use the flail. Israel is accepting the thousand boosters not sure the West will."

"This is just beginning. They have not been beaten enough. That is why we need to get harsher. Just keep approving all the bullshit that Anredom and Rezifp create."

“No doubt...” said Fnthony Aauci who kissed Cill Bates on the cheek. They held hands.

“All I know is the list, that black book, never ever should see the light of day. The judge did not allow all the salacious photos with all of us in it, or Eeffrey’s black book into evidence. She’s doing a great job. Because she’s a lesbian like me,” said Cillary Hlinton who whispered into both of their ears from behind them.

“Why the fuck do you think we created this plandemic? None of us are going down. I’m as guilty as you. We all love fucking kids, okay. We’ll kill everyone on this planet to ensure that the poor bastards do not know we are Minor Attracted People.”

“There are rumblings that there are people uprising in the United States. We have not dumbed them down enough, I do not think that the boosters will be tolerated,” said Blbert Aourla in Fnthony Aauci’s right ear.

“Yeah, booster uptake is causing a stir. We sold it too well in the beginning. If we took the years necessary to approve a vaccine maybe we would know that these vaccines don’t protect anyone from anything. But that was not the purpose and there are rumblings that is being understood. We may need Boe to lockdown the nation by force,” whispered Btéphane Sancel in Cill Bates left ear.

“There are a lot of MAPs, LGBTQ, and liberals protesting in support of Mhislaine outside the courthouse. Always makes me feel safe enough to come out as a ‘P’.”

“Our time will come.”

“What am I doing here?” whispered Boe Jiden into Blbert Aourla’s left ear.

“I know you’ve forgotten but you’ve fucked as many kids as us. With this vaccine we will never be in trouble again. None of the young whores we rape will be able to

become pregnant because of this vaccine... no one believes the young boys," responded Blbert Aourla.

"Oh, how are we going to lock down the United States like Germany or Australia? Our population is what the negro rappers say 'tooled up' like Tim the Toolman Taylor," commented Boe Jiden.

"That is as much of a concern as Boe having that coherent thought. We have to temper our movements here... That's all I have. The USA could form a militia in ten seconds..."

"We must go to war!" shouted Boe Jiden.

"Shhhh," said the gallery in unison.

"Just be glad we have a lot of lemmings working for us."

"Hopefully Xi helps us out and threatens war with us. Cold War II. The first Cold War never ended," whispered Oarack Bbama into Cillary Hlinton's left ear.

"I will control the building of the new bomb shelters," said Farry Link.

"Our Schutzstaffe, I mean protectors of the people against a 'dangerous disease' are in place and they will do their duty, just like we're doing ours," whispered Slaus Kchwab into Fnthony Aauci's right ear. He sat next to Fnthony Aauci.

"The Great Reset has only just begun."

"Shut the fuck up about that 'The Great Reset' I thought we told you at the Symposium..." said Oarack Bbama from across Cillary Hlinton, Cill Bates and Fnthony Aauci's laps. He sat to the left of Cillary Hlinton.

"It's The Great Narrative now... I misspoke."

"I hope the disgusting impoverish burn your house down first."

"Can we pay attention to the show, I mean trial? Let's make sure all of our actors do what they were told," said Cill Bates.

"I... was... not... on... that... plane!" yelled Cill Hlinton from the back of the gallery in a hospital bed.

"Shhhh..." ordered the gallery of global elites.

"I'm just saying..." winked Cill Hlinton.

"I was..." whispered Cillary Hlinton to herself.

"If we aren't going to overtake war with the American people what about nuclear war with Russia?"

"Duh, Boe. We talked about that already. If the scamdemic doesn't work nuclear war will. No one can know that we are truly all about fucking kids then murdering them for Moloch and praising Lucifer. No one can know. Except us and all of the 'conspiracy theorists' that we teach the masses to demonize. They're 100 percent right," said Seorge Goros.

"You all should thank me for installing just about every judge in this idiotic nation," he continued.

"BOOOM!!! ... I think the Russians just nuked New York City... Never mind I farted," said Boe Jiden.

"Why did you allow him to be my Vice President?"

"So, he can be the president now... duh Oarack. It's always been a part of our plan."

"I'm not wiping his ass this time if he shitted on himself."

"He did."

"Let me stew in my own feces. It's warm down there."

"It stinks. It's like your shit is on trial now."

"Shhh! The pilot is about to start naming names. I'm eager to see if he'll say my name. I know pedophilia is pure

evil, but it would be nice for someone to finally acknowledge it. We cannot hide it for longer. It must be praised.”

“The universities will make that happen, so will the media.”

“The pilot should not list anyone and just say every world leader, and household name.”

“Isn’t it great how we distracted all the lemmings against the true trial of the century?”

“Yeah, this trial makes S.O. Jimpson trial seem like some railroading of an innocent man being blamed for a mob hit.”

“That doesn’t make any sense.”

“I really hope the Russians blow up New York City and Los Angeles. Oh, please blow-up Los Angeles. I know Hollywood has the best MAP parties but...”

“Are we evil for creating viruses and vaccines and nuclear war, random heart attacks I mean Post Pandemic Stress Syndrome, to keep the public from our proclivity to fuck kids?”

“No. We’re just serving our lord... now watch the trial. We have to make sure this dyke judge and all these little whore witnesses do their job... This pilot definitely has to go. He’s named every leader and member of NU the, SOVAD Society, the OWH, the CDC, Hollyweird, every world leader...”

“There are a lot of people in on this cover-up. I wish this guy would hurry up though... Wow, I didn’t know he was on the list...”

“Her either...”

“I’m glad most of the evidence to corroborate this pilot’s story has been destroyed, I mean, went ‘missing’.”

“Boe I think you’re going to have to nuke Russia.”

“BOOM! BOOM! There goes Moscow and St. Petersburg...”

“You shitted on yourself again.”

“All of this just for Mhsilaine to be sentenced to time served.”

“I can’t wait until she gets more pizza and hot dogs for us. She finds the best around.”

“I’m hungry!”
